VISION

- 'All boys and girls in primary and secondary schools will have the opportunity and encouragement to play soccer.'
- All participants in the game will have the opportunity to continue in soccer at the non-elite or elite level.
- Soccer is at the forefront of Australian sport, with international success, high participation at the grass roots, and an image that attracts significant support from community, sponsors and government.
- Victorian players are strongly represented and successful in our National teams.
- Victorian teams are dominant in the National Soccer League.

MISSION

'The VSF commits to develop the game, and assist participants to enjoy their experience in soccer'.

- To increase participation levels through club, school and community networks.
- To improve the image and profile of soccer in the community.
- To provide first class service and meet the needs of all participants in the game, at the competition and development level.
- To maximise the support and contribution of sponsors and government.
- To provide a career path and support for players, coaches, and officials in the game.
- To conduct operations of the Federation responsibly, to provide for the further development of the game.

VALUES

- Provide equal opportunities for involvement in the sport at all levels
- Adhere to all regulations that apply to the conduct of the organisation
- Provide open and effective communication to members and stakeholders
- Be a good community citizen, assisting at the grass roots level of the wider community
- Recognise the need to develop individuals as part of a synergistic team
- Show understanding and care for all individuals involved in the sport.
- Provide a demonstrated commitment to fair play at all levels.

Once again I have the pleasure to place before the Annual General Meeting of the Federation my report for the year.

The new millennium witnessed a revamped league structure that was a successful venture for all involved. I offer my sincere congratulations to all winners and runners-up and extend my

appreciation to all the clubs, officials, participants, match officials and volunteers for their assistance towards another successful season. The dedication, determination and professionalism displayed by all our clubs and match officials, both on and off the field, is a credit to the game of soccer.

Whilst I was unable to attend the 2000 Eat Well Live Well Premier League Gold Medal Count, all reports indicate it was a memorable night with the Victorian Governor elect, John Landy as the guest of honour. Congratulations to all winners.

The VSF continues to develop the next generation of Australian players through its Centres of Excellence, Development Squads and State Squad programs. The introduction of Country State teams in the Boys Under 15 and 16 age groups and the establishment of the Women's Intensive Training Centre (ITC) program ensures the future looks bright for Victoria. Congratulations to all involved in the elite programs.

VSF President, George Wallace, VSF Chairman, Manny Galanos and VSF Commissioner, Trevor Parry at the Eat Well Live Well Premier League 2000 Season Launch

In 1996 the VSF and Leisure Action (a division of the Spastic Society of Victoria) formed a partnership to develop the sport of Wheelchair Soccer. This year witnessed the inauguration of Wheelchair Soccer under the auspices of the Federation. The commitment of Leisure Action, expanding competition and overall growth highlights the power of our great game.

The Olympic Games Football matches at the MCG showcased the world's finest talent. Melbourne was fortunate enough to see all the medallists during the pool matches, with the standard of both the men's and women's competitions being of the highest calibre. Congratulations to all the VSF volunteers and staff members who were involved in the training sites, match nights and overall event operations.

Green Gully Cavaliers Coach, Ian Dobson and Captain, Steven Douglas proudly hold aloft the 2000 Eat Well Live Well Premier League Championship Cup.

As always, my appreciation goes to our sponsors, supporters and the media for their continued support. Whilst I can't acknowledge each organisation individually, I wish to thank Diabetes Australia - Victoria, with funds provided by VicHealth, who for the eleventh year continued their long and proud association with the VSF. Their contribution is appreciated and their commitment to the health and well being of the soccer community has been outstanding.

In closing, I offer my sincere thanks to the Chairman, Commission, Soccer Australia Commissioner, patrons, trustees, committee members, Chief Executive Officer, VSF staff and all who extended hospitality to me during the year, for their support and commitment to soccer.

George F. Wallace
President

It is always difficult to follow in the footsteps of a successful leader. Joe Brondolino's term as Chairman of our Federation proved to be one of, I believe unqualified success. Remembering 'all' of the hurdles and obstacles that were inherited, accordingly, the very first decision I made was to be myself and not try to emulate my predecessor, an impossible task in itself.

As Chairman for the past 12 months, I can say without hesitation that our Federation has again continued to work tirelessly, effectively and without division for the good of the game. Soccer in our state continues to move forward and continues to gain momentum. It is interesting to note that according to a recent survey conducted by the Department of Education, more Victorian primary and secondary students are playing our game, when compared to any other sporting codes. We should all be very proud of this fact and not lose sight that each and every one of us has in some way contributed to the success that we have experienced over the past few years.

This year we were privileged to witness Olympic Football being played at the MCG, with just over 330,000 spectators attending this magnificent event and a total of 93,000 at the opening game. You may not be aware, but the Federation made a significant contribution to the success of the overall tournament here in Melbourne. The feedback from FIFA and SOCOG was most praiseworthy and I have not doubt that this experience will provide an excellent springboard for future major soccer events in Melbourne.

Geoff Miles, Competition Manager, Ian Greener, Technical Operations Manager, the VSF staff and all of the volunteers contributed to the undoubted success of the tournament here in Melbourne, which once again clearly demonstrated our position as the premier soccer state within Australia.

Season 2000 as a whole has been most positive and productive, and we have continued to build on the sound base that has evolved since December 1996. We have continued to make changes to the structure of the game and this season the State League competition was regionalised. After much debate within the Commission itself, along with valuable input from you the clubs and the State League Committee, second and third divisions were split into geographic regions, being the south east and north west, and this concept has been extremely well received. The play off matches for the two runners up and the third bottom team in division one were very well attended and the high standard of soccer was evident to all those in attendance. The State League Cup was reintroduced and will again take place next season.

Our State League was once again sponsored by Crazy John's Mobileworld Communications and for this we thank them and their Chief Executive Officer, John Ilhan.

The Eat Well Live Well Premier League season culminated in Green Gully winning back to back Premierships. Our Premier League again proved to be a very highly competitive and quality league and it was pleasing to note that the championship was not decided until the second last round and at the same time there were five teams fighting to avoid relegation. It is a pity that our good colleagues at Soccer Australia don't realise that for a league to have passion and purpose where all rounds matter, that promotion and relegation is a vital and necessary ingredient. It's been said before and I'm sure that at some stage the 'penny' will drop that the introduction of a promotion and relegation system into the National Soccer League is imperative. A second division with a salary cap and ground rationalisation will work. I am sure that our immediate past Chairman will continue to attempt to enlighten others whose support is necessary for this concept to be implemented.

In this coming year a salary cap will be introduced for the Premier League and State League Division One. Each club will be required to observe a limit of 'total player payments', with limits set and clubs advised accordingly. I am also well aware that we may need to revisit the process of monitoring this policy. A final five series in the Premier League has also been reintroduced after consultation with the relevant clubs.

The year ahead offers an opportunity for the Victorian Soccer Federation to capitalise on the potential for the Internet to become a powerful and effective vehicle for communication and marketing of our sport. Enhancement of our website, with the support of an Internet partner, will allow the Victorian Soccer Federation to improve our internal communication to all stakeholders and reach new markets. The Victorian Soccer Federation is committed to assisting clubs and associations develop effective websites, as part of an integrated network.

Planning has also been completed to provide the basis for the development of new software, incorporating database applications, to improve our service and cost effectiveness in internal office operations.

With an ever increasing focus to protect our members, the VSF continues to be proactive by reviewing and introducing guidelines and regulations. The introduction of the Racial and Religious Vilification Code highlights the VSF's commitment to fair play and equity.

The Commission once again achieved a budget surplus and we now have reserves of some \$250,000. It is our intention to maintain the current fee structure and club fees have not been increased for 2001.

.....

Our junior development programs continue to expand, not only in metropolitan Melbourne, but throughout the whole of the state. The Victorian primary school teams for boys and girls, Goalkick and Centres of Excellence have all contributed to the healthy growth of junior soccer. Today, 88% of all government schools participate in our state school championship series.

There is a strong belief within the Commission that our great game is the true community game, where pathways for elite players are laid without forgetting to establish programs and facilities for those who just want to play at their own competitive level.

VSF Chairman, Manny Galanos presents The Hon. Justin Madden, Minister for Sport with the Number One 2000 Season Pass at the EatWell LiveWell Premier League Season Launch.

It was mentioned in last years Chairman's report that the issue of referees needed to be addressed. I am pleased to advise that with the unequivocal support of Soccer Referees Victoria that a Referees Commission was established during the year to manage the provision of refereeing services to all VSF competitions. The Referees Commission is chaired by Trevor Parry (VSF Commissioner) and comprises three representatives from the VSF and three representatives from Soccer Referees Victoria. To date this body has spent most of its time reviewing how refereeing services are currently provided, recruiting, training, appointments, ongoing development and inspection. We are now at the stage where changes are going to be made and a serious recruiting campaign has already commenced as refereeing resources are in critically short supply.

Our Federation is clearly focused on continuing to improve all aspects of our sport and is determined to work for all clubs in this regard. We, unlike other Federations, do not hold shares and interests in National League Teams. As Chairman and Commissioners, we do not hold positions nor shares in clubs within our own Federation, ie. we do not wear two or three different hats.

It has been a privilege and I am proud to be your Chairman. I look forward to the continued growth and popularity of our sport and at the same time your support has been very much appreciated. To our sponsors, and in particular VicHealth, Diabetes Australia-Victoria, Crazy John's Mobileworld Communications, Covo Sports and Sport and Recreation Victoria, who have all contributed to the continued success of our Federation - Thank You.

To my fellow Commissioners, President George Wallace, Soccer Australia Commissioner, Joe Brondolino, your dedication, support and guidance has been very much appreciated together with our staff at Soccer House and our Chief Executive Officer, Geoff Miles.

Finally, I would like to thank and commend all VSF Committee members and their Chairpersons, Trustees, Tribunal and Appeals Board members. To the hard working members of all clubs, thank you for your efforts and may we continue to work together, so that our sport, the 'world game', maintains the momentum we have all witnessed over these past few years.

I wish you all health and happiness for the year ahead.

Manny Galanos
Chairman

2000 has been a year of significant achievement for Victorian soccer, with huge growth in our game at all levels.

Highlighted by the showcasing of our sport at the MCG over the seven nights of 'Olympic Games Football', many initiatives have set the scene for a period of continued growth in the popularity of soccer in Victoria.

Junior participation increased significantly in our clubs, Goalkick program and in the schools. During the period between 1997 and 2000 we have experienced a 29% increase in junior players and for the first time, there are now more primary school soccer teams in metropolitan Melbourne, than for Australian Rules.

Detailed research conducted by the School Sport Unit of Education Victoria has highlighted the huge participation at primary and secondary school level. Over 54,000 boys and girls now actively participate in soccer programs at club and school level in Victoria. The VSF's Teacher Education program, 'PASS', Goalkick expansion and strengthened links to school soccer will continue to support further growth in junior participation.

The VSF's Coach Education program, including courses and seminars, has been expanded and remains a priority to assist those actively involved at all levels of our sport.

The organisation of Crazy John's Superclinic at the MCG and our role as Clinic Co-ordinators at the International Soccer Expo played an important part in introducing thousands of boys and girls to our sport.

The growth in participation levels for junior girls and women has also been very pleasing. The introduction of Centres of Excellence and the establishment of an intensive training centre program linked to our participation in the National Women's League, are significant initiatives to support the women's game.

Our Junior State Teams program was expanded this year with the introduction of country teams, which was a major breakthrough for our junior country players. The quality of Victorian players who gained selection for our national teams, is a credit to their commitment and the dedication of coaching and support staff. Our men's Olympic team squad of eighteen included ten Victorians, which was a remarkable outcome for our Victorian players.

The Local Government and Soccer Resource Study, which was initiated by the VSF was completed in 2000. This study brought together State Government, Local Councils, the Victorian Soccer Federation and the Amateur Soccer Federation of Victoria, to look at facility issues to support our future growth.

The VSF reviewed and changed facility guidelines for clubs, recognising a number of key issues of Councils, particularly relating to fencing. Ongoing dialogue with Local and State Government and the establishment of a Facilities Committee will help us to improve the number and quality of soccer facilities.

The VSF introduced a Racial and Religious Vilification Code and conducted education sessions with all clubs, as part of the Federal Government's 'Living in Harmony' initiative. Soccer's project, which was a joint initiative of the VSF and the Australian Professional Footballers' Association, also includes a Racial and Religious Vilification Code in the National Soccer League. The adoption of a grass roots code by the VSF is a first for any sport in Australia and a valuable example of the role that sport should play in our community. The VSF code was supported by the Equal Opportunity Commission of Victoria, State Government and Soccer Australia.

The VSF's strategic planning process and the development of a plan for 2001 to 2003, has included the distribution of a market research questionnaire to stakeholders in our game. Our current strategic plan for the period 1997 to 2000, which was developed following a similar research and consultation process, has been the platform for our activity in this period of significant growth. We look forward to creating an exciting future in establishing a new plan for our sport, that will offer everyone involved, the value and enjoyment they are seeking from their participation in soccer.

As Competition Manager for Victoria's Olympic Games involvement at the MCG, the Victorian Soccer Federation, through our staff and volunteers played a key role in the success of the 12 matches, which also involved the co-ordination of 101 training sessions for the 16 men's and women's teams that played in Melbourne. The impact of the Olympic Games Football experience on over 330,000 spectators, many of whom were newcomers to our sport, will be felt for many years. I would like to acknowledge and thank all involved for their commitment, dedication and expertise. The Olympic Games highlighted the capacity of volunteers to make a difference. The contribution at the grass roots of soccer of the willing volunteers who freely offer their time in our club and Goalkick networks, is a powerful asset.

The VSF continued to support The Smith Family and became the first member of the Guardian Club established to support The Smith Family's 'Learning for Life' program. 'Learning for Life' provides assistance for disadvantaged families with education expenses and individual support, allowing their children to continue in education.

We also lent our support to valuable community organisations, including the Royal Children's and Austin Hospitals and with the help of National Soccer League players conducted a number of hospital visits.

The VSF was represented on the committee responsible for the organisation of the Tynan Eyre Cup, which raised a significant amount for the Victoria Police Blue Ribbon Foundation. We also assisted with the Laurie Schwab Memorial game, to perpetuate the memory of Laurie Schwab and provide funds to assist with the careers of young journalists and soccer players.

The partnerships that we have formed with our sponsors and licensees are critical for the future of the game. I would like to acknowledge the commitment of our partners and thank them for their support: VicHealth, Diabetes Australia-Victoria, Crazy John's Mobileworld Communications, Coca-Cola Amatil (Victoria), A-One Sports Photography, OKI, Profax Communications, Covo Sports, Puma, Real, Lotto, Mitre, Admiral, Lowe Lippmann Bott Pty Ltd and Attack Sportswear.

Project funding from Sport and Recreation Victoria continues to assist with our development objectives and we look forward to the outcome of the feasibility study commissioned into a State Soccer Centre, which commenced this year.

VSF CEO Geoff Miles, along with Attack Sports CEO, Steven Hayes makes a presentation of playing apparel to YMCA CEO, Ian Lingard for distribution to refugees in East Timor. (The YMCA are heavily involved in the redevelopment of East Timor)

Our partnerships with the Victorian Primary Schools Sports Association and the Victorian Secondary Schools Association have been very fruitful and the major research completed by the School Sport Unit of Education Victoria is an invaluable source of information.

We recognise the vital role of Local Government in facility provision at club level and thank all councils for their support to help us meet the demand for our sport in the community.

The VSF has a close working relationship with the Victorian Institute of Sport and we thank the VIS and their staff, including Head Coach, Ernie Merrick and Assistant Coach, Aaron Healey for their continued excellent work with our elite junior players.

Thank you to all those contributing to the administration of our game in a voluntary capacity. Our League Committees, Disciplinary Committees, club officials, state team coaches and officials and affiliate boards played a significant role in soccer's development in 2000.

Thank you to our match officials and appointment officers, who continue to work hard to service the demand for our game. The establishment of a Referees Commission has been an important step in adding support to the critical task of referee recruitment, training and retention.

The year 2000 provided a challenge to all VSF staff, with a huge increase in the number of participants and teams, during a period that saw the introduction of the GST and coincided with our involvement with the Olympic Games.

I would like to thank VSF Chairman, Manny Galanos and all members of the Commission for their support during the year and all VSF staff for making the commitment required to ensure a most successful year.

Our commitment in 2001 is to provide support to everyone that is making a contribution to soccer in Victoria and I look forward to working with you all.

Geoff Miles
Chief Executive Officer

Critical to the success of the VSF is to ensure we identify and service the needs of the soccer community through quality levels of administration, quality customer service, ongoing financial security and innovative programs.

The VSF has set a high standard in tackling priorities and providing leadership to the soccer community. This commitment has been evident throughout the year with staff focusing on flexibility, accessibility and customer service. There are plans to further develop management standards, policies and resources that are accessible at club level.

The introduction of the GST was an enormous challenge for the VSF. The Federation's accounting software was modified in order to implement valid and reliable systems; internal reporting mechanisms were enhanced, bulletins developed and key staff members attended a series of workshops and seminars in order to ensure compliance with the government's tax reform initiatives.

Once again information technology, management information systems and the Internet were key priorities for the Federation with the superhighway creating many opportunities for an organisation the size of the VSF. The Federation has identified a need to upgrade current registration software, telephone hardware and other applications to enable integration with modern systems and functions. The aim is to complement Internet and email enhancements, streamline administration and ensure future development and commercial opportunities can be capitalised on. The challenge is to harness tools that are productive, cost-effective and user friendly in an environment where technology is constantly advancing.

Communication methods were also reviewed to ensure a more timely and accurate exchange of information and advice. Electronic communication was improved and continues to be a focus for further expansion and delivery of services, thereby strengthening our relationships within the soccer community and helping to identify and interpret issues that impact on the industry as a whole.

The VSF's focus on risk management, insurance standards, business structures and club operations identified many variances in management practices within clubs. This highlights the need for the VSF to continue to focus on governance, structures and processes of clubs in order to help them to develop benchmarks and appropriate standards of operation.

With this as a precursor, the Federation will be aiming to acquire 'Active Australia' Provider status in the new year. This is a Federal Government initiative, which sets National Sport and Recreation Standards focusing on quality assurance and service delivery.

Like many sporting organisations, the VSF relies heavily on the dedication and commitment of volunteers. The VSF was one of six sport and recreation organisations selected by Sport and Recreation Victoria to be part of a pilot program which developed Volunteer Management Plans. The plan will form the foundation for development of strategies, programs and priorities targeted at recruitment, retention and recognition of volunteers.

The commitment of the competition team to standardise and improve services was instrumental in the successful staging of all VSF competitions. The Coaching and Development department continues to develop soccer with a passion, drive and vision that is a credit to all involved. The untapped giant that is marketing and events promises to explode as the foundation laid in 2000 comes to fruition. The dedication of the operations and administrative team was evident in the achievement of high quality outcomes and the delivery of timely and reliable service levels.

The dawn of the new millennium has seen great challenges this year. What lies ahead is the opportunity to work in an era with innovation, build on tradition and gain a competitive advantage for Victorian soccer.

Nadine J. Cohen
Business and Development Manager

The year 2000 has been a busy year in the area of marketing. As well as a busy schedule of events and marketing activity, an increased amount of development work has been completed to provide a platform to build into a very exciting future.

HEAD TO HEAD

The VSF Newsletter, Head to Head, is now circulated to clubs, coaches and the 20,000 registered players in Victoria. It is an excellent communication tool that is vital for keeping members informed and will continue to grow and improve in the future.

VSF WEBSITE

Victoria's soccer site, www.soccervictoria.org.au, has had 72,000 visits to the home page in the seven months since some of the important functionality has been brought in house. The efficient use of Internet technology is an important feature of the VSF's plans, and this will become evident in the near future.

MAJOR EVENTS

Major events were a significant part of Victorian soccer in 2000, some of the highlights included:

- The Eat Well Live Well Premier League Launch and Gold Medal nights were both held at the Hilton Hotel. The Gold Medal night was particularly memorable, with John Landy making his first public appearance as Governor elect.
- The combined senior presentation night was again held at Melbourne Park.
- The Crazy John's Soccer Super Clinic was held in April. It was wonderful to see so many children kicking a soccer ball with the National Soccer League stars at the MCG.
- The International Soccer Expo at the Exhibition Buildings provided a wonderful opportunity to showcase Victorian soccer.
- Olympic Games Football, whilst not directly marketed by the VSF was obviously the biggest event of the year and required many hours of devoted effort from all VSF staff and volunteers.

APPAREL AND BALL LICENSING PROGRAM

Royalties from our apparel and ball licensing program continued to provide funding for our junior development activities. An extensive tendering process was undertaken for the apparel licensing program for 2001 – 2003 after undertaking research with our clubs and retailers.

Australian Representatives, Julie Murray, Zeljko Susa and Simon Colosimo join the Hon. Justin Madden, Minister for Sport and "Crazy John" at the 2nd Annual Crazy John's Soccer Superclinic.

SPONSORSHIP

Sponsorship and royalties have increased in 2000, and the involvement of all sponsors is greatly appreciated by everyone involved in Victorian soccer.

STRATEGIC PLANNING

To assist in the development of the VSF strategic plan for the next three years, market research was conducted and a questionnaire was distributed to a sample of players, coaches, referees and club administrators to determine what the major stakeholders in the game believed to be important.

MEDIA AND PROMOTIONAL ACTIVITIES

Improving relationships and processes with the media has resulted in improved coverage of the grass roots level of the game, particularly with the local press.

Joint promotional activities have also been initiated with the Victorian NSL clubs, and we will continue to work together for the benefit of Victorian soccer as a whole.

THE FUTURE

With the volume of background work undertaken in the areas of sponsorship, the Internet, communications and promotions, there is an exciting future on the horizon for the marketing and development of soccer in Victoria.

Neil Wallace
Marketing and Events Co-ordinator

The annual Eat Well Live Well Gold Medal Night was held on the 10th of August, amidst the glamour of Melbourne's Hilton on the Park Hotel.

Ted Smith (1956 Australian Olympic Football representative) symbolically opened the evening as he paraded the 1956 Olympic torch, before lifting the 2000 Olympic torch above his head to great applause. The big screen video kicked, and the night had begun.

The black tie crowd also included the Minister for Sport and Recreation, The Honourable Justin Madden, National Coach, Frank Farina, National Junior Coach, Ange Postecoglou and special guest speaker, 1956 Olympic Team Captain and Governor elect of Victoria, John Landy.

The most prestigious award for the night was the Eat Well Live Well Gold Medal that was presented to the Best and Fairest player in the Eat Well Live Well Premier League. The 2000 winner was Damian Vojtek of St Albans Saints who finished with 21 votes. Second was Steven Bartol on 19 votes, with equal third on 17 votes going to Alfonzo Opazo from Heidelberg United and Zoran Todorovski from Altona Magic.

Clockwise from top: Hon. Justin Madden (Minister for sport), Con Kilias (MC), Gold Medal Winner, Damian Vojtek, and VSF Chairman, Manny Galanos enjoy the celebrations.

COACHING AND DEVELOPMENT REPORT

During 2000 the VSF increased our commitment to support grass roots participation programs and activities which included Goalkick, school clinics, community sports days and sports expos, with an increased focus on country Victoria.

GOALKICK

During the year, almost 2,000 children participated in the Goalkick program at over 40 different venues. This year programs were held throughout Victoria at schools, soccer clubs, YMCAs and council venues.

Goalkick is a 12 week soccer program for boys and girls aged between 5 and 10 years old, with the emphasis being on skill development, participation and fun. The aim is to introduce more children to soccer and provide them with the opportunity to develop the skills necessary to play the game. Weekly Goalkick sessions include 75 minutes of skill drills and a game of Rooball.

Goalkick programs were established in Swan Hill, Creswick, Gisborne, Leongatha, Healesville and Kinglake as well as across metropolitan Melbourne.

Boys and girls from various Goalkick Centres have been given the opportunity to participate in Rooball games as pre-game and half-time entertainment at NSL matches and International Games, such as the LG Socceroos vs Paraguay.

Once again, it has been a very successful year for Goalkick, making our sport more accessible and affordable for boys and girls starting out in the game.

The MCG was alive and kicking as the VSF conducted the 2nd Annual Crazy John's Superclinic.

CRAZY JOHN'S SUPER CLINIC

The second annual 'Crazy John's Super Clinic' was held at the MCG, the 'peoples ground', on Tuesday 18th April. The clinic was a joint initiative between the VSF and the four Melbourne based NSL Clubs (South Melbourne, Carlton, Melbourne Knights and Gippsland Falcons). Each Club provided high profile players and along with the VSF Coaching staff, VIS players and members of State Squads, the level of instruction was first-class. The day was a great success with over 800 children taking part, many of whom were setting foot on the MCG for the first time.

VICTORIAN PRIMARY SCHOOL SPORTS ASSOCIATION PROGRAM (VPSSA)

The VSF continued their support towards the VPSSA soccer program during 2000 by once again sponsoring the boys and girls state teams. As well as the financial assistance to ready the team for championships in Darwin in August, VSF staff assisted in the selection process, training sessions and organised practice matches with our clubs to prepare both teams. The teams achieved their best results ever with the boys finishing second and the girls fourth.

The focus of our support is to offer a link between schools and local clubs through the Department of Education, School Sports Unit, which is encouraging stronger partnerships between both areas of participation at the junior level.

VICTORIAN INSTITUTE OF SPORT

The VSF and the VIS continue to enjoy a very strong working relationship and commitment towards youth development within Victoria.

The majority of scholarships for the VIS are offered to boys who have come through the VSF Development Programs such as Centres of Excellence, Development Squads and State Squads.

VIS scholarship holders are often targeted by National League Clubs, as well as attracting interest from the Under 17 and Under 20 National Coaches, and the Head Coach of the Australian Institute of Sport in Canberra.

Victoria always has a healthy number of players in all of these squads and it is recognised that the VIS program is a leader in the country amongst ITC programs. Three ex-VIS players; Joey Diorio, Scott McDonald and Josh Kennedy were all members of the Silver Medal Joeys Team (Under 17), who were beaten by Brazil on penalties in the World Cup held in New Zealand.

COACHING COURSES

Once again, we conducted a healthy number of coaching courses throughout Victoria to assist those in our club network to enhance their experience and qualifications.

The courses conducted were as follows:

Junior Licence	16
Intermediate Licence	3
Senior Licence	1
Soccer Sports Science	1

COACH EDUCATION WORKSHOPS

Coach Education Programs continued this year, with a great response from our coaches. Qualified level three VSF coaches ran the three hour workshops, which included both practical and theory work for both accredited and non accredited coaches. Coaches attending this workshop received two points in their Australian Coaching Council accreditation and a valuable update to their coaching knowledge.

INTERNATIONAL SOCCER EXPO

Promoted by Images Concepts and Events, the second annual International Soccer Expo was held at the Exhibition Buildings from the 9th to the 12th of June. There were trade displays, National Soccer League (Soccer Australia), VSF and NSL club stands, and four days of clinics with local and international soccer stars.

The VSF operated an Expo stand and co-ordinated clinics for the thousands of children who attended. Australian superstars including Harry Kewell, Mark Viduka, Mark Bosnich and Robbie Slater took part in the clinics and they were supported by NSL players and VIS squad members. It was a wonderful experience for Victorian soccer and the VSF hopes that this event will be established as a regular feature of Melbourne's sports event calendar.

Participants showed their delight at the Dow Holiday clinic by waving at the camera

HOSPITAL CLINICS

The VSF's Sports Development Officers assisted by National Soccer League players, Victorian Institute of Sport players and Women's State representatives assisted the Royal Children's and Austin Hospitals' in soccer clinic activities for children with illnesses and emotional difficulties.

SCHOOL CLINICS

During 2000, the VSF implemented a new approach for soccer clinics in schools based on information collected by the School Sports unit of Education Victoria from a school survey. The focus for 2000 was to assist 'districts' who were in an early stage of soccer and to aid the development of the game within schools in these districts.

National Soccer League clubs assisted with the huge demand for school clinics.

PASS PROGRAM (PLANNING A SOCCER SESSION)

The PASS program is a three hour 'in-service', comprehensive soccer program for teachers, covering both theory and practical work. The program aims to provide teachers with the knowledge and confidence to introduce soccer into their regular sport program or curriculum.

The PASS program has been extended into country regions and is a valuable part of our school soccer development strategy.

HOLIDAY SOCCER CLINICS

During the school holidays, the Coaching and Development Department conducted various clinics, including three DOW Clinics at Albert Park. National Soccer League and State League players assisted the VSF coaches in running these two day clinics, with a total of 351 children taking part.

VICTORIAN STATE TEAMS

Victoria was once again well represented by our State Squads throughout the year with Victorian Country Boys teams appearing for the first time at the Under 15 and Under 16 National Talent Identification Championships in Sydney. Both squads were very competitive, and along with our metropolitan representatives, showed the wealth of talent there is throughout all parts of Victoria.

The girls Under 14 and Under 17 teams went to Queensland, with both sides giving a good account of themselves. Unfortunately, the women's senior competition that was scheduled to be held in Melbourne was cancelled due to lack of interest from some states.

DEVELOPMENT SQUADS

The boys Under 14 team competed in the 'Friendship Games' this year in Newcastle and continued the habit of winning. Victoria has now won this event four years in a row.

Under 14 Boys Development Squad team member, Cristian Morales and Under 14 Girls State Team representative, Simone Gaylor model the 2000 Victorian State Squad Uniform at the 2000 State Team Presentation Night.

WOMEN'S NATIONAL SOCCER LEAGUE

The Women's National Soccer League (formerly known as the Ansett Summer Series) is the annual competition run by the Women's Soccer Association and is in its fifth season of competition. The National League is the most important program in the WSA calendar for identifying potential elite athletes for the National Squad (Matildas) selection. Our Victorian team, Victoria Vision, although inexperienced performed well in our initial year of participation in the National League.

2000 Victoria Vision Squad

WOMEN'S INTENSIVE TRAINING CENTRE PROGRAM

We have now established an ITC Program for girls, to offer them a similar pathway to the boys' VIS Program. This is a very important step in the right direction for the women's game here in Victoria and the appointment of former Matilda and national assistant coach, Jane Oakley, as head coach will provide the program with outstanding leadership. Victoria will compete once again in the Women's National Soccer League under the 'Victoria Vision' name as part of the ITC program.

CENTRES OF EXCELLENCE

The program continues to operate in a summer time slot, with 250 players receiving comprehensive training and information relating to technical and tactical aspects of the game, as well as performance enhancement details covering nutrition, fitness, treatment and prevention of injuries, and recovery work.

The summer time slot allows quality work under quality conditions conducive to performance improvement and skill acquisition.

An added bonus this year was the introduction of a Girl's Centre of Excellence Program. Two centres are operating in the north west and south east suburbs.

Wheelchair Soccer has continued its steady development in 2000. The successful partnership between the Victorian Soccer Federation, Leisure Action (a division of the Spastic Society of Victoria) and Sport and Recreation Victoria has continued throughout the year. Financial support from SRV has provided for a full time Development Officer and assistance from Diabetes Australia - Victoria (with funds provided by VicHealth) has provided for the Eat Well Live Well Schools Education Program.

Andrew Ballis representing Oakleigh Cannons awards the South East Wheelchair Soccer Best and Fairest trophy to a delighted Peter Johnstone.

Some of the significant achievements in the past year have been:

- An increase in the number of schools participating in the Wheelchair Soccer 'Schools Education Program'
- A successful amalgamation of Southern and Eastern competitions, introduction of 12 week competition
- The presentation of medals by Fawkner Blues SC committee to winners of the North West Grand Final
- A commitment by Oakleigh Cannons SC to take on a Wheelchair Soccer team in the 2001 South East competition
- The implementation of Team Manager training, 5 people with disabilities taking up these roles in the South East competition
- The new auspicing role of Victorian Soccer Federation

July 2000 saw the establishment of a new agreement between the VSF, Leisure Action and Sport and Recreation Victoria for the period 2000-2002, with the VSF being the principal auspice. This represents a significant step forward in achieving the goal of integrating Wheelchair Soccer into the VSF's infrastructure. The new agreement seeks to harness the strengths of the VSF and Leisure Action in a new partnership arrangement, which will position Wheelchair Soccer as a sport for the future.

Goalkeeper, Michelle Cooling defending her goal during the hard fought South East Wheelchair Soccer Grand Final.

The aims of the new agreement are:

- Integration of Wheelchair Soccer competitions into the VSF's infrastructure
- Consolidation of existing metropolitan Wheelchair Soccer competitions
- Development of Wheelchair Soccer competitions in targeted non metropolitan regions
- Further development of Wheelchair Soccer teams affiliation with VSF clubs
- To secure additional resources to support the future viability of Wheelchair Soccer

With the new two year agreement in place, Wheelchair Soccer will continue to develop and strengthen its position within the sporting community. It will also continue to provide opportunities for people with disabilities to participate in an inclusive and exciting sport.

Olympic Games Football in Melbourne was a stunning success with an irresistible combination of the magic of the Olympic Games and world football's best, at the home of Australian sport, the MCG.

Over 330,000 spectators enjoyed some enthralling matches featuring sixteen men's and women's teams, including the eventual finalists in both the women's and men's tournaments.

Amongst the many highlights at the MCG, was the incredible atmosphere on opening night when a crowd of 93,252 witnessed the opening of Olympic Games competition, the creative brilliance of eventual men's gold medallists Cameroon, the passionate support of the Chilean 'army' of fans and the clash of women's World Cup finalists, USA and China.

The incredible transformation of the MCG, including the laying of a new pitch, showed what a great venue we have here in Victoria. Our new pitch, with 'Olympic look' replacing the traditional myriad of signs at the MCG, provided an excellent setting for some of the world's best to show just how skilful and dramatic our game can be.

An epic semi final clash between Cameroon and Chile gave a glimpse of what was to come in Sydney in the memorable men's gold medal match.

Lead by Geoff Miles, VSF Chief Executive Officer and Competition Manager for Olympic Games Football in Melbourne, and Technical Operations Manager, Ian Greener, VSF staff and volunteers co-ordinated one hundred and one training sessions for the sixteen countries at six training venues and directed the twelve matches at the MCG. A great team effort and an unforgettable experience.

Feedback from spectators, media, FIFA and the teams was extremely positive and the success of Victoria's part of the Olympic Games Football tournaments clearly cements our position as the premier soccer state in Australia.

FIFA bosses, Sep Blatter and Michel Platini, commented favourably on the Melbourne organisation and the support of the Victorian public for soccer, which gives us a lot of confidence for future FIFA events.

The support of the Victorian Government, local councils, VSF clubs, Victoria Police, the MCG, Hilton on the Park and SOCOG ensured that our series of games will live long in the memory of the Victorian public.

The contribution of our volunteers was magnificent and the recognition from a huge MCG crowd at half time on semi final night was a fitting tribute to their commitment.

Our dream of Australian success was not to be, but nevertheless Olympic Games Football in Melbourne provided a memorable experience which will deliver many long term benefits to our sport at a state and national level.

LAURIE SCHWAB MEMORIAL MATCH

The annual fixture to commemorate Laurie Schwab was held on Sunday, 8th October at Knights Stadium.

The fourth annual Laurie Schwab Memorial match was preceded by a legends game between Melbourne Knights and South Melbourne, with Melbourne Knights emerging as victors, defeating South Melbourne, with the final scoreline of 3 - 2.

The inaugural Knights-Country Academy Cup, between Melbourne Knights Youth and Cobram Soccer Club, was also played, with Melbourne Knights winning 9 - 0.

The Laurie Schwab Memorial match between Melbourne Knights and Carlton was attended by more than 1,500 people. All proceeds from ticket sales and raffles went to the Laurie Schwab Foundation, which was established to provide assistance for young people pursuing careers in soccer and soccer journalism.

Melbourne Knights completed what had been a successful day, winning 2 - 1.

During the year a number of Victorians received recognition within the National Hall of Fame/Honours Awards. We would like to congratulate this year's recipients and acknowledge the contribution of all the Victorians who have been recognised since the inception of the awards in 1999.

Soccer cannot function without the tireless and passionate support of volunteers. At all levels of the game, many people give much of their own time and the VSF takes this opportunity to give a heartfelt thank you.

The Victorian Soccer Federation would also like to thank those businesses, organisations, local councils, country associations, educational institutions, consultants and individuals not listed, who provided services to support the development and operations of soccer in Victoria.

A special thank you goes out to our sponsors and supporters for their generous support of Victorian soccer.

As the Treasurer and on behalf of the Commission, I have the pleasure in presenting the financial statements of the Victorian Soccer Federation for the year ending 31 October 2000.

The year 2000 brought us back the Olympics and Victoria was fortunate to be host to the Olympic Soccer, up to the semi final stage. The Victorian Soccer Federation was heavily involved in running and managing the tournament.

The trading activities for the 2000 year have resulted in an operating profit of \$33,328, with prior season adjustments resulting in a further \$1,076 profit. Our involvement with the Olympic Games has resulted in an extraordinary profit of \$86,462, giving us an overall profit for the year of \$120,866. Our retained earnings to date have now gone to \$250,116.

The last quarter of our financial year has seen the introduction of the GST. Whilst it has been more of a burden than a financial strain, I am sure that the full impact will be felt in the next financial year. Given the financial windfall we have had as a result of the Olympic Games, one cannot stress the importance of the outcome, as we are currently operating with totally outdated software. We have to be fairly careful in selecting the appropriate software and hardware given the point of time and the way the IT industry is travelling and in particular the speed it is travelling at. The next twelve months will be fairly critical in the way we market and deliver our products, through the electronic media and in particular, the Internet.

Our commitment to promoting and developing the game in Victoria is once again reflected in our spending on coaching and development, for both boys and girls. We now have just as many programs for girls as we have for boys.

The year 2001 will certainly be a very difficult year, as the full impact of the GST would have set in and both the spectators and clubs would no doubt feel the full effects. As a precaution, the Commission in addressing the issues, has implemented a salary cap for the Premier League and State League, Division One.

Finally, I would like to acknowledge and thank all Victorian Soccer Federation staff, who worked extremely hard during the year and would like to thank all of you, the clubs, who have worked so hard in administering and promoting the game. I wish you all a happy and prosperous new year.

Vasko Stojcevski
Treasurer

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE VICTORIAN SOCCER FEDERATION INCORPORATED

SCOPE

We have audited the financial report of the Victorian Soccer Federation Incorporated for the year ended 31 October 2000 as set out on financial page two(2) to fourteen(14). The Federation's Commission is responsible for the financial report. We have conducted an independent audit of the financial report in order to express an opinion on it to the members of the Federation.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards, statutory requirements and other mandatory professional reporting requirements so as to present a view which is consistent with our understanding of the Federation's financial position, the results of its operations and cash flows.

The audit opinion expressed in this report has been formed on the above basis.

AUDIT OPINION

In our opinion, the financial report of the Victorian Soccer Federation Incorporated presents fairly in accordance with Australian Accounting Standards, other mandatory professional reporting requirements, the provisions of the Associations Incorporation Act 1981 (Vic) the financial position as at 31 October 2000 and the profit and loss and cash flows for the financial year ended on that date of the Federation.

Dated at Melbourne on 29 November, 2000

STATEMENT BY THE COMMISSION

1. The Commission of the Victorian Soccer Federation Incorporated declare that the financial statements and notes set out on financial pages two (2) to fourteen (14):
 - a) give a true and fair view of the financial position as at 31 October 2000 and financial performance for the year ended that date; and
 - b) comply with the Australian Accounting Standards, mandatory professional reporting requirements and other authoritative pronouncements of the Australian Accounting Standards Board.
2. The Commission further declare that in their opinion there are reasonable grounds to believe that the Federation will be able to pay its debts as and when they become due and payable.

Dated at Melbourne on 29 November 2000

Signed in accordance with a resolution of the Commission.

MR MANNY GALANOS

Chairman

MR VASKO STOJCEVSKI

Commissioner

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2000

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The significant policies which have been adopted in the preparation of this financial report are:

BASIS OF PREPARATION

The financial report is a general purpose financial report that has been drawn up in accordance with Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Urgent Issues Group Consensus Views and the Associations Incorporations Act.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration received in exchange for assets. The accounting policies have been consistently applied.

The carrying amounts of all non-current assets are reviewed at least annually to determine whether they are in excess of their recoverable amount. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower value. In assessing recoverable amounts the relevant cash flows have not been discounted to their present value.

INVENTORIES

Inventories are carried at the lower of cost and net realisable value.

Cost is based on the first-in first-out principle and includes expenditure incurred in acquiring the inventories and bringing them to their existing condition and location.

LEASED PLANT AND EQUIPMENT

Leases are classified as operating leases where the lessor retains substantially all of the risks and benefits of ownership. Minimum lease payments are charged against profits over the accounting periods covered by the lease terms except where an alternative basis would be more representative of the pattern of benefits to be derived from the leased property.

LAND & BUILDINGS

In accordance with the Trust Deed dated 24 February 1997 (the "Building Trust") between Messers Weinstein, Heath, Sutherland, Di Fabrizio and Cilauro (the "Trustees") and the Victorian Soccer Federation Incorporated (the VSF), the Trustees have agreed to hold the freehold land and buildings on behalf of the VSF so that it can occupy rent free facilities for the purpose of conducting the affairs of the VSF.

Accordingly, the cost of the freehold land and buildings is held in the Building Trust and the financial statements of the Building Trust have been combined with those of the VSF so as to present the overall state of affairs of the Victorian Soccer Federation Incorporated.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2000

PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are brought to account at cost or at independent or commissioners' valuation, where applicable, any accumulated depreciation or amortisation.

ACQUISITION

Items of property, plant and equipment are recorded at cost and depreciated as outlined below.

REVALUATIONS

The valuation of land and buildings is regularly reviewed and, where considered appropriate, revalued amounts are incorporated in the financial statements. This is in addition to the annual review for recoverable amount referred to above.

DISPOSAL OF REVALUED ASSETS

The gain or loss on disposal of revalued assets is calculated as the difference between the carrying amount of the asset at the time of disposal and the proceeds on disposal, and is included in the results in the year of disposal. Any realised revaluation increment relating to the disposed asset standing in the asset revaluation reserve at the time of disposal is transferred to the capital reserve.

DEPRECIATION

Items of plant and equipment are depreciated over their estimated useful lives. The straight-line method of depreciation is used. Items of plant and equipment are first depreciated in the year of acquisition. Buildings have not been depreciated as the Commission believe any depreciation charged would be offset by increases the building's value.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Assets	Depreciation Rates
Office Equipment, at cost	17% to 40%
Fixtures, fittings and furniture, at cost	20% to 27%
Motor vehicles, at cost	22.5
Leased Assets	20%

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 OCTOBER 2000**

PROVISIONS

DOUBTFUL DEBTS

The collectability of debts is assessed at year end and specific provision is made for any doubtful accounts.

EMPLOYEE ENTITLEMENTS

The provisions for employee entitlements relate to amounts expected to be paid to employees for annual leave and long service leave and are based on legal and contractual entitlements and assessments having regard to experience of staff departures and leave utilisation. Costs relating to employee entitlements are included in salaries and wages expense.

Current wage rates are used in the calculation of the provisions.

SUPERANNUATION FUND

Contributions are made to superannuation funds on behalf of employees. Contributions are based on the relevant industrial awards, the superannuation guarantee charge rate or the level of allowable contributions defined by the Australian Prudential Regulation Authority. Such contributions are charged against income.

GRANTS RECEIVED AND SUBSCRIPTIONS RECEIVED

Grants and members' subscriptions received have been accounted for on an accrual basis.

INCOME TAX

The Federation has been granted an exemption from the payment of income tax.
